

Strong suction

Made in Germany

→ BSS 406 Automatic vibrator

- . Efficient electromagnetic filter cleaning
- . High extraction capacity through innovative filter concept
- . Clean and easy filter exchange
- . 2 newly designed polyester filter cassettes with extra large filter surface for a long working life
- . Filter approved according to BIA C. BIA C
- . Optical volume flow indicator
- . Automatic ON/OFF switch for electric power tools
- . Socket with permanent power supply in Pos. 0 - function as cord extension
- . Automatic switch off with slow down function
- . High suction power through strong under pressure and high air flow
- . Low noise emission
- . Big rear wheels, lockable front wheels

↓↓↓ Technical data

POWER INPUT	SUCTION POWER	MAX. SUCTION	CAPACITY	LENGTH OF PIPE	LENGTH OF CABLE	WEIGHT
1.400 W	61 l/sec.	248 mbar	ca. 25 l	5 m	8 m	12,7 kgs

	25 l collecting container with wheels	54247
	k) BSS 406 Automatic vibrator	53587
	k) Folded filter polyester for BSS 406 and BSS 407M (2 pcs.)	54163
	k.1) Wet filter insert to extract drill water mixtures (2 units)	67397
	k.2) Replacement filter bottle for wet filter insert	67405
	l) One way paper bags for 25 l (5 pcs.)	54387
	l) One way paper bags for 50 l (5 pcs.)	67553
	m) Hose adapter	55392
	n) Accessories set	3012
	o) 50 l collecting container with wheels	55863
	p) 5 m replacement hose 5 m, smooth inside	19877
	q) Folded Filter for BSS 403 / 404	19885
